

“I have used Restore London for a number of projects & find them very reliable & cost effective, with excellent workmanship – which is particularly important when working on a number of the Listed buildings we have here at RHC.”

Stephen Crampton – Project Manager, CBRE

Scope of Works

Our dedicated team have carried out a series of varied projects on site, including:

- Rebuilding of brick piers outside the Chapel
- Steps and paving repairs & replacement
- Installation of new statue and heritage stone plaques
- Bronze plaque restoration, including nano- technology protection
- Repairs & redecorations to existing bollards
- Super-heated steam cleaning
- Various new Stonework & Brickwork
- Traditional Lime plaster of vaulted ceiling
- Window and floor restoration of the state apartments
