

Before

“Restore London provided excellent specialist assistance & advice throughout the project”.

Graeme Roberts - Director, Knight Harwood

Scope of Works

The Bull is a beautiful Grade II listed building, dating back to the 14th Century, lovingly restored by the Restore London team as part of the wider regeneration of Bracknell town centre. Restore London were involved at the early project development stage providing specialist surveys, budgets & advice to the team, developing the restoration scheme in close Consultation with the Architect & other stakeholders. Exemplar panels and samples were produced by the Restore London craftsmen to ensure a sympathetic restoration scheme including detailed analysis of original materials to match existing. The RL package included restoration to internal & external areas, matching of original materials and styles, sourcing of reclaimed imperial bricks to be used where required coupled by render restoration using a traditional lime mortar. In addition, Restore London were instructed to carry out a £50K brickwork stabilisation scheme to the town centre car park.
